QUESTION 1

Consider the following two code segments:

```
Segment 1
var i = 5;
do {
        // other code here
} while(i < 5);

Segment 2
var i = 5;
while(i < 5) {
        // other code here

}
```

Which of the following is true about these code segments?

A. The code in both segments will cause an infinite loop

B. The code in Segment 2 will execute one time

C. The code in both segments will not execute at all

D. The code in Segment 1 will execute one time

Correct Answer: D
