Correct Answer: CDE

QUESTION 3

Which two statements are true of Oracle's SOA Governance Framework?

- A. Replaces traditional governance frameworks
- B. Defines the need for principles, policies, processes, roles, and Infrastructure
- C. Contains an SOA Governance Reference Model
- D. Defines SOA Governance as a one-off project
- E. Can be fully implemented using a registry and a repository

Correct Answer: BC

QUESTION 4

Which two statements are true with respect to SOA Services?

- A. A Service must not have any dependency on the identity of the consumer that invokes it.
- B. Services should be aware of the protocol used to invoke them, where they physically exist, and on what type of hardware or operating system they run.
- C. In order for Services to be versatile and support reuse, there must be no separation of concerns in terms of what they do and how they are used.
- D. Services must not be tied to any particular physical location.

Correct Answer: AD

QUESTION 5

While defining your SOA governance model, you decide to define your organization structures to define/ monitor and enforce policies surrounding the enablement of your SOA initiative. After assessing your existing IT governance model, you decide that it is not appropriate for your existing organization governance model to be updated to address the needs of your SOA initiative. Therefore, you decide on which one of the following course of actions?

- A. Define like-for-like SOA organization governance structures to match your IT organization governance structures, which address only SOA concerns.
- B. Define new SOA organization governance structures that at a minimum must include a SOA Center of Excellence, SOA Architecture Authority, and a Service Advisory Council.
- C. Define SOA organization governance structures that address the needs of your SOA initiative. The number and names of these structures are less important than the roles and responsibilities.
- D. Define new SOA organization governance structures that at a minimum must include a SOA Steering Board, a SOA Center of Excellence, and a service librarian.

Correct Answer: C
